What's new in the world of design and decoration

COMPILED BY HARRIET UPJOHN Email home@sunherald.com.au

Growing up This vertical garden system allows you to transform a wall or fence into an instant living work of art. The water-efficient and soil-free Fytowall modular panels come with a choice of plants, and even turf, already vertically trained. A 2 x 2m version costs about \$6000 installed. Inquiries (03) 5977 9648 or see www.verticalgarden.com.au.

Grind force What makes this pair of battery-operated salt and pepper grinders stand out isn't so much their streamline, contemporary looks and bright red colour, but their price: just \$24.95 for the pair. By Davis & Waddell, from King of Knives. For stockists, phone 1800 677 621.

Light & shades UK-based Innermost has just launched its new lighting and homewares product range in Australia through Optique Lighting. Pictured is the triple-shade Doosey light which comes as a table lamp or pendant. The lamp version is \$220. Inquiries: (07) 5592 4644
